#### KANDINSKY, THE ODYSSEY OF ABSTRACTION

Creative Director: Virginie Martin

A painter, poet, art theorist, and founder of abstract art, Kandinsky revolutionized the history of art with his many compositions, now exhibited around the world. He came to art relatively late in life, at the age of thirty. He was born in Moscow, and after studying law, he traveled around Europe and discovered the work of the avant-garde artists such as Cezanne, Monet and Matisse.
